

## MAFEKING HOLDS THE BOERS AT BAY

Gen. Roberts Wires That The Town Is Holding Out Well.

## BURGERSTREKNORTH

Abandon Wepener and Fix Their Position Further Up In the Interior.

## SENTENCE TRAITOR TO DEATH

London, April 25.—[Special Cablegram].—Gen. Roberts wires: "Good news from Mafeking to April 10th. All the wounded are doing well. Baden-Powell reports that the Boers captured several native women trying to escape from Mafeking and turned them back, after being stripped and lashed with a jambok whip."

Sentence Him to Death

Alisal North, April 26.—[Special Cablegram].—Scouts who escaped from Wepener report that the Boers have captured Vanderhorst, the Free Stater who acted as landrover for the British at Wepener, and sentenced him to death.

Boer Shell Factory Blown Up.

Pretoria, April 26.—[Special Cablegram].—A part of the Begbier shell factory blew up Tuesday night. Ten men were killed and thirty-two wounded, mostly French and Italians. It is believed to be due to treachery. It has been working double time for weeks. The most important machinery was saved.

BOERS GIVE UP THE SIEGE.

They Trek for the North After Abandoning Wepener

London, April 26.—It is now apparent that the chances of Lord Roberts catching the Boers who abandoned the siege of Wepener in a net are very slender. The Boers have everywhere retired at the first pressure of the British advance, and the hope that Gen. Rundle would be able to induce them to remain at De Wet's Dorp until they had been forced to fight or to surrender has been disappointing. No attempt was made to pursue the commandoes retiring from Wepener. Everything now depends upon the progress of Gen. French's cavalry brigades, but they are entering a very difficult, hilly and practically unknown country. The cavalry have already had a long march over heavy and sandy roads, and nothing is known regarding the condition of the horses. In any case, it is now a race between the generals and the forces of Gen. French and Gen. Hamilton. The slowness of the recent movements of the British infantry and previous experience of the ability of the Boers to move rapidly, with guns and baggage over their own country, lead to a belief that Lord Roberts' enveloping operations will fail and will have to be repeated further north. At the most he will perhaps capture some Boer guns and baggage, and harass the retreating burghers.

## BOARDMAN FIXES ENCAMPMENT DATE

The Annual Outing of the Badger National Guard Will Take Place From August 4-24.

Madison, Wis., April 26.—The annual encampment of the Wisconsin National Guard will begin Aug. 4. The regiments will go to Camp Douglas in their numerical order, the First staying there from Aug. 4 to 10, the Second from Aug. 11 to 17 and the Third from Aug. 18 to 24. It is expected that Adj. Gen. C. R. Boardman will issue the necessary orders this week.

George Nelson Sr. Dead.

Sturgeon Bay, Wis., April 26.—This community was greatly shocked today by the sudden death of George Nelson, Sr., one of the most prominent and highly respected residents of the city.

Mr. Nelson has been a resident of this city since 1876 and has on several occasions been elected mayor. He is also chairman of the county board, a position he has held for twelve years.

German Catholic Societies.

Fond du Lac, Wis., April 26.—Elaborate preparations are being made at Fond du Lac for the annual state assembly of German Catholic Societies to be held on June 3-7. It is expected that at least 15,000 Catholics will be in attendance. A feature of the opening day will be a parade with 12,000 men in line including fifteen brass bands and the uniformed divisions of the Catholic Knights of Wisconsin from La Crosse and Milwaukee. Wisconsin River Falling Fast.

Portage, Wis., April 26.—The water in the Wisconsin river is falling fast and no danger from a further flood is anticipated. The water began to fall yesterday morning and since then the stage has gone down ten inches.

## GATES FORGETS A FORTUNE

Matter of Million or So of Little Concern to Steel Magnate.

New York, April 26.—John W. Gates had so much money lately that he carried a check for \$1,200,000 for three days in his pocketbook and forgot to deposit it in his bank. His brokers called him by telephone and begged him to send the check to the bank in order that it might be put through the clearing-house and straighten out their account.

This money, it is said, represents Mr. Gates' winnings in the recent raid on the steel stocks. When the accounts of the pool were settled up Mr. Gates' share, according to the story as related in Wall street, amounted to \$1,200,000. The brokers who had represented Mr. Gates handed him a check for that amount and thought the matter closed.

On Monday last, however, when their passbook was returned from the bank, balanced, they found they had \$1,200,000 more to their credit than their own books showed. Then it was that Mr. Gates was called and asked if he had deposited the check.

"No," said he; "I had forgotten all about it."

## DEADLOCK IN THE EIGHTH DISTRICT

One Hundred and Forty-five Ballots Taken up to Last Night and No Result.

Appleton, Wis., April 26.—The adjourned meeting of the Eighth district congressional convention met at 9 o'clock yesterday morning and continued balloting. Contrary to the predictions of some of the wise ones the result of the first ballot showed that the deadlock still existed. After ten ballots had been taken with no change in the situation, by previous agreement, the meeting was adjourned until 2 o'clock.

At the afternoon meeting there was still no change and after ten ballots an adjournment was taken to last evening. Ten more ballots were then taken, making a total of 145, and the convention adjourned until this morning. The last ballot was just like the first: Hatten, 15; Minor, 11; Kuesterman, 7.

An agreement has been made to take ten ballots and adjourn from time to time until something happens. There is no change to be seen in the situation. All the delegates appear to be unwavering from their expressed preferences.

## NEW POINT RAISED AGAINST TAYLOR

Both He and Lieut. Governor Have Been Absent From State About Ten Days.

Frankfort, Ky., April 26.—[Special Telegram].—The democrats have raised a new point in favor of Beckham. They say Taylor has forfeited the governorship by having left the state without entering an order on the executive journal turning the authority over to Marshal. Both Taylor and Marshal have been absent ten days.

After a short wedding trip they will be at home at 1019 E. street.

## VICTORIA CHEERED ON LEAVING IRELAND

Great Crowds Witnessed the Queen's Departure Both at Dublin and Kingston.

## THE WAR IN COLOMBIA

## TURKEY WILL GET AID FROM RUSSIA

Czar Will Oppose Use of Force By the United States.

## INCIDENT NOT CLOSED

Sultan Considers That Rebuilding at Harpoot Will End the Matter.

## PORTE TAKES NEW GROUND

Constantinople, April 26.—From an excellent source it is learned that the sultan is counting on Russian assistance in case the United States concludes to press too harshly its claims for indemnity.

It is declared that the czar, in return for recent railway concessions on the part of Turkey, has assured the sultan that in case the United States sends a fleet to intimidate Turkey a Russian fleet will pass through the Dardanelles to protect whatever port may be the object of the American demonstration.

It is generally believed here that the sultan considers the American incident closed, by reason of his majesty's concession authorizing the rebuilding of the mission at Harpoot and the construction of an addition to Roberts college.

Czar Will Back Turkey

London, April 26.—The Constantinople correspondent of the Daily Telegraph says: "The porte considers that its offer to rebuild the American structures burned at Harpoot will close the question. It bases this belief on news that Russia has intimated an intention to oppose any attempt on the part of the United States to enforce payment."

Said to Have Yielded.

Berlin, April 26.—The Berlin papers publish a dispatch from Washington announcing that the Sultan of Turkey has yielded to the demand of the United States in the indemnity claim. The Vossische Zeitung, discussing the matter, points out the ill success of European powers in getting money from Turkey, and adds:

"Through the payment of the American missionaries the sultan is reminded that a new element, expressing itself in unaccustomed forms, has entered into international intercourse."

The Berliner Tageblatt thinks that the United States, fearing Russia, will be satisfied with the sultan's acknowledgment of the indebtedness and will not force payment.

England to Be Passive.

London, April 26.—The British government has not yet answered its ambassador's request for instructions and contemplates individual action. It is not believed at the foreign office, however, that joint action will take the form of an ultimatum or result in anything except the renewal of useless protestations to the Turkish government. Lord Salisbury desires no further complications at present.

## GOV. ROOSEVELT IS STUBBORN ABOUT IT

He is in the West to Choke Off His Boom for the Vice-Presidency.

Chicago, April 26.—Governor Roosevelt arrived here this morning from Albany to head off the vice presidential boom that Senators Hanna and Platt have planned. The Governor comes ostensibly as the guest of the Marquette Club of Chicago and to attend the Grant birthday celebration at Galena.

The Governor, it is well known here, will utilize every minute that he is away, to warn political leaders of Pennsylvania, Ohio, Indiana and Illinois that under no circumstances will he accept the vice presidential nomination. He is to deliver informal addresses before the Marquette club and at Galena. He is not expected to discuss politics at these gatherings, but he will if he sees a propitious opening, spare no effort to make known his refusal to become McKinley's running mate.

The Governor does not believe if he should arise in the convention at Philadelphia and decline the nomination that it would hurt his chances for renomination as Governor. He has intimated to his friends that he will not hesitate to do so if his present trip West and his open statements do not settle the matter.

## WOLCOTT AND LODGE

They Are Selected to be the Chairmen of the Philadelphia Republican Convention.

Washington, April 25.—Senator Edward Wolcott of Colorado is to be temporary chairman of the Republican National convention at Philadelphia, and Senator Henry Cabot Lodge is to be permanent chairman of the same gathering. These selections have been made by the Republican National committee.

## SCOFIELD MEANS IT NOT A CANDIDATE

Positively and Finally Reiterates That He Is Out of the Race.

## SOME BREATHE EASIER

La Follette Still Consulting Friends Declines to Say What He Will Do.

## GREAT VICTORY FOR PAYNE

Milwaukee, April 26.—In spite of his announcement that he will not enter the gubernatorial race, friends who thought they were doing him a service intimated yesterday that Governor Scofield would run. He said last night:

"You may say that I will not be a candidate under any circumstances. I said last September that I should not be a candidate. I had no reason to make that statement if I intended to enter the field. I have not changed my mind a particle since then, and for the last time I am not a candidate, nor do I intend to be."

Big Victory For Payne.

The delegation to Philadelphia is solidly in favor of the re-election of Henry C. Payne to the national committee and will be found back of him, with at least nineteen of the twenty men from the ten districts of the state, and it is more than probable that there will be a full twenty. Mr. Stevens, the Milwaukee alderman, who led the fight against Mr. Payne in the 4-cent fare fight in this city, is the only man claimed by the opposition, but the title to this vote is poor, for Mr. Stevens is himself authority for the statement that he is going to Philadelphia unpledged on this point.

La Follette Still Does Not Say.

Aside from the direct interest in the proceedings of the convention itself, the chief concern of the delegates yesterday assumed the form of the query: "Is 'Bob' La Follette going to come out for governor?" and the most universal answer, based whether on hearsay or presentiment or something more specific and reliable, was: "It rather looks as if he was thinking of doing so."

In reply to a direct question as to whether he was going to be a candidate for the nomination, Mr. La Follette said simply: "I am not prepared to answer that question. I shall remain here two and perhaps three or four days longer, and I expect to put in my time seeing my friends."

"There have been a good many of the latter to-day, haven't there," was asked; and the reply was: "Oh, yes, a large number of them."

"And were they from all parts of the state?"

"I think they represented nearly every section. But that is all I can say to-day," and he turned to the next caller who had been waiting for a chance to shake hands and "talk it over."

Convention Was Harmonious

The republican state convention held in Milwaukee yesterday was the most harmonious meeting of the party which has been held in this state in years. There was one contest, between H. August Luedke and A. G. Weissert of Milwaukee for the position of delegate-at-large to the national convention. It was for the most part a squabble in the Milwaukee delegation, and Mr. Luedke won by an overwhelming vote. The result was: Luedke, 607½; Weissert, 321½. The full delegation at large to the Philadelphia convention is:

Joseph B. Treat, Monroe; alternate, G. H. Baxter, Lancaster.  
H. August Luedke, Milwaukee; alternate, A. J. Frame, Wausau.  
Isaac Stephenson, Marinette; alternate, John L. Bedahl, Madison.  
James H. Stout, Menominee; alternate, N. C. Foster, August.

Presidential Electors Named

Nominations for presidential electors-at-large were made by acclamation, and the selection of district presidential electors ratified, as follows:

Electors-at-large are: Atter Peterson, Soldiers' Grove. A. G. Weissert, Milwaukee.

District Electors.

First District—George A. Yule.  
Second District—Willard A. Van Braunt.  
Third District—Henry Rodhe.  
Fourth District—William Kieckhefer.  
Fifth District—A. J. Frame.  
Sixth District—John Schuetz.  
Seventh District—John Ahsauer.  
Eighth District—C. M. Fonclon.  
Ninth District—The Rev. John D. Nelsonson.  
Tenth District—Fred A. Severance.

The Resolutions Adopted

The full text of the resolutions adopted was as follows:

"We, the republicans of Wisconsin, in convention assembled, reaffirm the principles of the republican party popularly approved and endorsed at the last national election, and commend and justify by subsequent events."

"We are gratified that experience neither constrains us to recede from the high position nor taken on questions before the country, nor to subordinate views then valiantly supported to meet the exigencies of a new campaign."

"We therefore express our profound gratification that the present congress of the United States, conformably to those principles, by formal legislative enactment, has established as a permanent standard of value the gold coin of the nation."

and unparalleled increase of wealth and prosperity secured to the country, and we rely upon our party to deal with and solve the problems that have come to us as a result of the Spanish war in a manner that will reflect credit upon the party and redound to the honor and strength of the nation.

We endorse the thorough, businesslike administration of Governor Edward Scofield, under which, without increasing taxation, the state expenses and debts have been paid and a large surplus accumulated in the general fund.

## BID ON VALUABLE CONTRACT

Local Firm of Cullen and Billings Were After Large Contract.

The local contracting firm of Cullen & Billings presented a bid to the state for constructing a new addition to the state home for the feeble minded at Chippewa Falls. The building is to cost \$400,000. The local firm failed to secure the contract. Their bid was but a small sum in excess of the smallest bid.

## LONG BOOMED FOR VICE PRESIDENT

Massachusetts Republicans in Convention Endorse Expansion—Lodge Heads the Delegation.

Boston, April 26.—[Special Telegram].—The republican state convention for the nomination of delegates to Philadelphia met this morning with Congressman Gillett as permanent chairman. The platform endorses the administration; reaffirms the platform of 1896 and puts forth Secretary Lusk as a candidate for vice president.

It says trusts are "an incipient prosperity, to be eternally dealt with when in restraint of trade." No mention is made of Hoar. Regarding expansion it says the same policy which governed our fathers be pursued in the new possessions.

Construction of the Isthmian canal and the laying of the Pacific cable as an encouragement to American shipping is demanded.

The following delegates at large were named: Henry Cabot Lodge, William C. Plunkett, Samuel W. McCall and Walter Clifford.

## UNION LABOR PUTS A TEST FOR DEWEY

If He Occupies the Non Union Stand in Chicago He Will Be Boycotted.

Chicago, April 26.—[Special Telegram].—The District Lodge of the International Association of Machinists today passed a resolution calling upon all union men to boycott the Dewey celebration.

Other unions will be asked to take similar action and if Dewey reviews the parade from the grand stand now being built by the contractors all unions throughout the country will be asked to oppose the admiral's presidential aspirations.

St. Louis, April 26.—[Special Telegram].—The local Building Trades council endorsed the resolution offered by the Carpenter's district council boycotting the St. Louis demonstration of Dewey if he persists in reviewing the parade in Chicago from the non-union stand.

## PARCEL POST SYSTEM

Extension of Rural Free Delivery Will Lead to Adoption of That Method.

Washington, April 26.—"If we continue extending the rural free delivery system" said Representative Mann of Chicago, "we will soon be called upon to provide a domestic parcels post. If this system should be adopted then the government would be called upon to carry parcels of all kinds for persons residing in the cities and on the farms. This would include groceries, dry goods and probably meats, as it would be an easy matter to send an order by mail and have it delivered without delay. If the parcels post system were adopted it would eventually wipe out the small business houses in the towns, hamlets, and cross roads of the country."

## METHODISTS FACE TOWARD CHICAGO

Mecca For the Followers of John Wesley Until May 3.

## WORLD-WIDE PILGRIMS

Vanguard For the General Conference Arrived In Windy City Yesterday.

## FORECAST OF MONTH'S WORK

Chicago, April 26.—The advance guard of the great Methodist pilgrimage from all parts of the world toward Chicago, which will continue until May 1 and even later, arrived yesterday. Five members of the "local" committee on affairs of the Methodist Book Concern are at the Auditorium.

The gathering of Methodists to attend the general conference of 1900 is soon to begin. The conference will be held in Chicago, commencing on May 3, and continuing for one month.

Governing Body of the Church.

The general conference convenes once in every four years. It is the governing body of the church and combines the legislative, executive and judicial powers of the organization. The conference, presided over by the eighteen bishops, corresponds in its relation to the church to the houses of congress in their relation to the people. It has a constituency of about 3,000,000 actual members, and its influence extends over 10,000,000 souls; to attend to whose spiritual needs 18,000 ordained ministers are delegated.

About 15,000 people are expected to attend the conference, and elaborate arrangements have been made to accommodate and entertain them.

Will Contain 735 Delegates

The general conference this year will consist of about 735 delegates, being composed of one minister in every forty-five, and two laymen from each of the 128 annual conferences. The general conference has been a delegated body only since 1812. Before that year every minister of the Methodist church was entitled to a seat and voice in the deliberations of the body.

Outline of the Work.

The following is in brief Dr. Berry's outline of the work of the conference, as viewed in advance:

Bishop Merrill, the senior effective Bishop, will preside at the opening meeting on May 2.

Dr. D. S. Monroe, who has been secretary of the General Conference since 1876, probably will be re-elected to that office.

Fourteen standing committees will have business to report, and there will be a large number of special committees.

Committee on Episcopacy.

The committee on Episcopacy is considered of the first importance. J. M. Buckley is slated for its chairman.

It is possible that the missionary episcopate will be abolished and several new bishops elected to foreign countries. In this case eastern Asia would ask for a bishop to reside at Shanghai or Manila; India would ask for two; and Europe might ask for one to reside at Frankfurt or Berlin.

The Limit of Pastorate.

The time limit of the pastorate will be considered on the floor of the conference. The three chief arguments for removal are that the time limit is no necessary part of the itinerant system; that the time limit robs the pastor of the opportunity of securing commanding personal influence in the community. The ministers will favor the change and the laymen will oppose it.

The amusement question is coming up.

The rule which provides that members are to be received into the church only after a probation of six months may be modified. There is a desire in some quarters for the entire abolition of the period of probation.

Changes in Organization

The Sunday school union and Tract society will ask for a divorce, making two organizations instead of one.

The Epworth league will ask for changes in its constitution. The board of control may be abolished and the business of the league supervised by an executive committee of seven. There is a plan to unite the secretaryship of the Epworth league with the editorship of the Epworth Herald.

Methodist Bishops Meet.

Indianapolis, Ind., April 26.—The first session of the semi-annual conference of the bishops of the Methodist Episcopal church was held today. The convention was held for the purpose of formulating the quadrennial address to the general congress which will be held in Chicago beginning Wednesday of next week. Bishop Bowman said in an interview that he could not tell whether the rule of the church in regard to dancing and theatres would be changed or not.

## HAYES CONTRACT INVOLVES MILLIONS

### UNDERGROUND RAILROAD JOB IN NEW YORK CITY.

Telegram Received in the City Last Evening Conveyed the News—They Will Reside in New York City During the Time of Their Contract Which Will Take Four Years to Complete.

Five million dollars is involved in the contract that was awarded to Hayes Brothers of Janesville yesterday in New York City for grading a portion of the underground railroad. D. W. Watt, local representative of the Hayes Brothers received the news in a telegram last evening. The contract means the awarding of what is known as Section 6 of the road which covers big a territory near Central Park. The work will take an army of men, vast machinery, a fortune and four years' time to complete. Much of the grading is through solid rock and to a depth in places of 150 feet. The Hayes Brothers and their families expect to reside in New York City during the carrying out of this contract.

By the awarding of this contract it means one of the largest contracts of this kind ever awarded to a western grading firm and in itself speaks well for the Hayes Brothers.

Janesville citizens may well congratulate themselves that such an enterprising firm claim this city as their home and are always ready to back up such claim by the investing of thousands in local property buildings. It is only this class of men that will throw new life into a town that for many years has been held back for the want of the right kind of enterprising citizens.

Ex-Alderman John W. Peters accompanied the Hayes Brothers to New York and he will probably work on the contract as well. Contractor John Cullen of this city will also go with them when they return to the east.

Prompt Adjustment of Fire Loss.

Sharon, Wis., April 24, 1900.—Received of the Citizens' Mutual Fire Insurance Company of Janesville, forty-nine dollars in full for loss sustained by me in fire of the 22nd. W. A. Zabel.

The above is a copy of receipt received today by W. G. Palmer, secretary of said company, accompanied by a letter of thanks for the prompt action of the company.

The company has a record of promptness in adjusting and paying its losses, has a safe reserve on hand and those desiring a reliable and cheap fire insurance will do well to call on C. W. VanAkin or W. G. Palmer, secretary, who can be found at R. J. Sarasy's drug store.

Burke Scores Rockefeller.

Cleveland, Ohio, April 26.—John D. Rockefeller came in for a severe scoring in the trial of James Corrigan's suit against the Standard Oil Corporation for about \$1,000,000. Corrigan claims Rockefeller foreclosed on 2,500 shares of Standard Oil stock, allowing at the rate of about \$168 a share, when they were worth \$500 or more per share. Judge Stevenson Burke, millionaire lawyer and president of the Canadian Copper company, said in his argument:

"For Rockefeller to get Corrigan's stock at \$168, receive 30 per cent dividends on it annually and have it now worth \$550, is such an infernal outrage that it is a disgrace. No human being has ever decided Rockefeller paid the full value of this property. Yet he's keeping it. That's what these lawyers are here for—to keep it for Rockefeller and away from the man to whom it belongs. That Rockefeller didn't pay full value for the stock showed there was evidence of fraud—actual, infamous fraud—fraud of the kind that should be put down by every honest man."

Expects Gen. Wheeler to Wed.

Washington, April 26.—Persistent rumor again couples the names of Gen. Joseph Wheeler with Mrs. George W. Childs, and this time there seems to be good reason to believe an announcement of their engagement to marry will be made. Gen. Wheeler, when seen, said: "I will see Mrs. Childs and ask her to answer your question or authorize me to do so." Later he said: "Mrs. Childs said she would send you a note setting at rest all of these rumors."

Famous Tramp Printer Dying.

Rushville, Ind., April 26.—William P. Hargitt, 76 years old, the veteran tramp printer, who is known in almost every printing office in the country, is dying at his home near Cincinnati. "Colonel" Hargitt was editor of the Rushville Jacksonian until family trouble, which separated him and his wife, sent him on the road fifty-three years ago.

Fire Raging in Philadelphia.

Philadelphia, Pa., April 26.—A big fire is raging here and bids fair to destroy the business portion of Filbert and Church and Second and Third streets. The loss is estimated to be \$500,000, and the flames show no signs of abatement.

The divorce evil seems to grow with every year. 7,500 divorces were granted in the State of Ohio last year. We agree that there are faults on both sides, but the great problem is: Are those faults remediable? To a great extent there is no doubt the conditions which result in divorce may be remedied. Given a dyspeptic husband and a wife suffering from female trouble and we have the ready made elements of a divorce case. In view of the facts there can be very little doubt that many women look forward to divorce only because they seek relief from obligations they do not feel fitted to fulfill. Women are not to blame. They have looked forward to their home life as a dream of paradise. Then disease comes like a serpent and destroys all happiness.

Women who suffer with debilitating drains, inflammation, ulceration, female trouble and bearing down pains, will find certain relief and cure in Doctor Pierce's Favorite Prescription. It so invigorates the organs peculiarly feminine and regulates their functions that they are established in a perfectly healthy condition. The old lightness of heart comes back; there's light in the eyes and a smile on the lips. The old irritation and nervousness are gone, and the husband comes to his home as a haven of rest and comfort.

"I was troubled with female weakness, and after taking three bottles of Dr. Pierce's Favorite Prescription I am free from pain," writes Mrs. May E. Jones, 539 Madison Ave., Ypsilanti, Mich. "I had suffered for two years when I began taking your medicine. I could not walk across my room without suffering dreadful pain. Now I do all my housework and walk where I please—thanks to Dr. Pierce's medicine."

Will Discuss Race Problems.

Montgomery, Ala., April 26.—Visitors from every section of the country will attend the approaching conference to be held here May 8, 9 and 10 to discuss the race problem of the south.

Hilary A. Herbert of Washington, D. C., ex-secretary of the navy, will deliver the opening address, on "The Problems that Present Themselves."

Among those who are to discuss the lynching question are Alexander C. King of Georgia and Clifton R. Breckinridge, ex-minister of the United States to Russia. The conference will close May 10 with an address by Dr. Paul B. Barringer. The chief oration of the evening will be delivered by W. Bourke Cockran of New York city on "The Negro as an American Problem."

Americans State in Thibet.

Vancouver, B. C., April 26.—Passengers who have arrived by the steamer Empress of China from the orient bring particulars of the murder of H. M. Sutherland and Dr. Kiddle, two American explorers, on the Burmah frontier, and the subsequent revenge taken by the British forces stationed in the neighborhood. The party visited the town of Mengium, seven miles across the Thibetan border, when the tribesmen attacked them with crossbows, stones and arrows. Dr. Kiddle and Sutherland were killed. A few days later the United British and Chinese forces attacked the natives, the stockades were stormed and the group of villages implicated in the murder captured. Sixty natives were killed and 2,000 houses burned.

Princeton Students in Jail.

Princeton, N. J., April 26.—A score of Princeton students were arrested here for creating a disturbance at the Oriental dance hall in State street. Several of the boys were under the influence of liquor and the crowd wanted to clean out the place. The manager of the hall protested and finally called on the police. Two patrol wagons carried the youths to the central station, where they spent the night in jail.

When the practice of economy is a necessity, the cost of the soap used in a year is an important item. The grocer who has an eye to larger profits, may not suggest Ivory Soap, but you insist on having it. Ivory Soap is pure soap, through and through. That makes it the most economical and best.

## The World's Three Classes.

Some one has said that the world is divided into three great classes: The wills, the won'ts and the can'ts. The first are the actors, the second the opposers, the third the do-nothings. To the first class belongs the honor of whatever has been accomplished by human agency, done in spite of all the hindrance the second class could bring to bear; to the third belongs nothing; and whatever the second class loses by its obstinacy, the third lets pass without making an effort to secure.

## Saved from the Enemy.

From Rensburg, in Cape Colony, comes the news that a train loaded with supplies and without any engine somehow got started on a down grade within the British lines and was headed for the Boer lines. It was seen to be impossible to stop the train, so, rather than have the supplies reach the Boers, the British gunners directed the guns on the cars and destroyed them and their contents.

"This is too much, John, I won't stand it any longer. I'm row I leave for my mother's unless you get me more Rocky Mountain Tea." Sensible woman. 35 cents. Smith's Pharmacy, kodak agents.

A New Diagnostic Sign of Measles.

Under the above heading Dr. Henry Koplik of New York described recently in the Medical Record a phenomenon which he considers a very valuable sign in the very early stages of measles. It consists of an eruption which appears on the mucous membrane lining the cheeks and lips. It can be seen only in very strong daylight falling from a window direct on the mucous membrane. It is then necessary to avert the mucous membrane covering the lips and cheeks, either with the fingers or by means of a spatula. One can then see by close study the infinitesimally minute bluish-white specks on a reddish punctate area in beginning measles, and on a more diffusely reddened background in advanced cases, which are absolutely characteristic of measles.

## A Soapless Country.

In spite of British rule, India is virtually a soapless country. Throughout the villages of Hindustan soap is, indeed, regarded as a natural curiosity, and is rarely, if ever, kept in stock by the native shopkeeper. In the towns it is now sold to a certain extent, but how small this is may be gathered from the fact that the yearly consumption of soap in India is about 100,000 hundred weight; that is to say, every 2,500 persons use on an average only 112 pounds of soap among them.

## Weary Women.

The social and domestic demands that are made upon the women of today are to blame for a great deal of the trouble called female weakness. The constant strain upon the nerve forces weakens the vital powers, and headaches, neuralgia, indigestion, constipation, impure blood and liver and kidney troubles, all aggravate the special weakness that fills thousands of homes with delicate mothers, wives and daughters. Weak and nervous women can be relieved, and made well and strong, full of vital energy and attractive sweetness, if they will take Dr. Miles' Nervine.

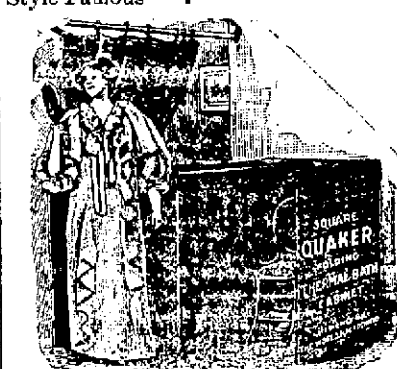

"For fourteen years I was troubled with female weakness and nervousness, dizzy and sinking spells, and was confined to my bed more than one-half the time. The doctors all told me that I could not live long; but the second day after I began taking Dr. Miles' Nervine I could eat well and could sleep all night without waking, and when I had used six bottles I was cured."

LOUISA O'NEAL, Ripley, Ills.

Dr. Miles' Nervine is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

THE TAX COMMISSION.

The Marinette Eagle speaks of the tax commission and its work as follows: "That there has been more or less criticism of the State Tax Commission since its organization is perhaps not without an element of good. The commission knows that it is on trial and that that it must give a good account of itself to the people and to the next legislature. We believe that all of its people are able men and that they are imbued with love for their work. Certain it is there is no one around the state capital who works harder or puts in longer hours than the members of this commission. They are at work early and late and the sense of their responsibility and the knowledge that they must make a good report of work accomplished to the next legislature may be, and probably is, an incentive to do work and plenty of it. The recent pamphlet from the commission, giving instructions to assessors and boards of review, is a good thing and will prove of much value to the officers in carrying out the provisions of the present taxation laws. One of the greatest problems is soon to be tackled in earnest by the commission, May 15th having been set as a day on which to commence the hearing of the railroad representatives and all other interested persons on the subject of railroad taxation and the methods that should be adopted in dealing with the great corporations that furnish transportation. Much valuable information is confidently looked for from this hearing. We believe the majority of the people of the state have confidence in the tax commission and that the commission by their work will fully justify that confidence."

The Smiths are a cosmopolitan people, and their name will never perish from the earth. In Ireland, for instance, the Smiths outnumber the O'Briens, the Byrnes, the Ryans, the Connors, the O'Neils, and the Reilley's, but are in turn outnumbered by the Murphys, the Kellys, the Sullivans and the Walshes. In round numbers the figures are as follows: Murphy, 62,000; Kelly, 55,000; Sullivan, 43,600; Walsh, 41,700; Smith, 37,000; O'Brien, 33,400; Byrne, 33,000; Ryan, 32,000; Connor, 31,200; O'Neill, 29,100 and Reilly, 29,000. Kelly is a Kildare name, Sullivan Cork and Kerry and Byrne Dublin and Wicklow.

Comptroller Dawes continues to receive a flood of applications for charters for national banks under the new law, which authorizes them with a capital of \$25,000 in villages of less than 3,000 inhabitants. The provision of the law appears to meet popular approval, as it insures security to depositors, even in the smallest villages.

Advice to Admiral Dewey—"Get up early on election morning, wash your face and hands, comb your hair, brush your teeth, shine your shoes," and go and vote for President McKinley. Such a course will show that you were still one of the people. Otherwise, you will simply be the sole representative of the voteless democracy.

The popular vote in the United States will probably be about like this:

McKinley (Rep.)	5,500,000
Bryan (Dem.)	5,000,000
Barker (Pop.)	1,200,000
Debs (Social)	38,000
Dewey (Rep.)	13,450
Scattering	10,298

If you are to be away from home when the census is taken next June, make arrangements in advance to have your name enrolled. Janesville should make the best possible showing.

The fame of statesmanship, after all, is the only enduring fame. The war hero of today may be forgotten tomorrow.

The agricultural bureau bulletins have been of great value to the farmers, and congress acted wisely in increasing the

appropriation for that work from \$85,000 to \$108,000.

General Miles, however, now makes no protest against the shipping of canned roast beef to Manila. The shoe is on the other foot.

TOTAL SUN ECLIPSE MORNING OF MAY 28

TWO-THIRDS OBSCURATION FOR NEARLY THREE HOURS.

Preparations Made By Washburn Observatory at Madison Take Note of the Phenomena—Simply As a Grand Spectacle It Will Be Worth Seeing.

Madison, Wis., April 26.—Dr. George C. Comstock, professor of astronomy and director of Washburn observatory, says that at Madison during the approaching eclipse, which occurs on the morning of May 28, two thirds of the sun's disc will be obscured from 6:48 to 9:01 o'clock and at Janesville the obscuration will begin a little later and end a little later, just how much he has not yet computed. The best places for observation in the United States will be in the mountains of North Carolina and Georgia. Prof. A. S. Flint will go the mountains of North Carolina for purposes of observation and will take along considerable apparatus from the Washburn observatory.

Get One Every Ten Years. "A total eclipse of the sun is not rare," said Prof. Comstock, "for we get one every ten years on an average; but the region in which the eclipse is total is not always accessible for purposes of observation. The total obscuration when the moon's shadow strikes the earth is like the shadow cast on a pumpkin by a lead pencil interposed between it and the light, making a straight narrow line. The line of total or complete obscuration in the Pacific ocean and passes thence across old Mexico and the Gulf of Mexico to New Orleans, thence to the southern states to Norfolk, Va., thence over the Atlantic ocean to Spain and thence over the northern portion of Africa to Egypt where it ends, making a line several thousand miles in length and about ten miles in width. There will be a partial eclipse on either side of this line visible 1,000 miles from it.

Will Be Worth Seeing. Simply as a spectacle it will be very impressive and well worth seeing. To astronomers it will be interesting not because of its spectacular features, but because of the opportunity it will afford for making observations otherwise impossible. The ordinary glare of the sun prevents observations of the region immediately about it just as the glare of an arc lamp prevents one from looking closely at the globe that surrounds it. When the moon is interposed in the fashion of a screen what has been hidden of the sun becomes visible. Chief among these is the corona, an appendage of the sun extending millions of miles and having a soft pearly light. Little is known of the corona and its appearance and structure will be the subject of careful study during the May eclipse. It will be photographed on either side of the Atlantic and for the first time an attempt will be made to measure the heat emitted by it.

Crime in England. The British home office report for 1897 shows that, while serious crimes tend to diminish in England, there is a great increase of minor offenses. By far the larger number of criminals convicted during the year have been convicted of some crime before—a fact that led the home office to conclude "that neither penal servitude nor imprisonment serves to deter the habitual offender from reversion to crime."

## BROKEN CAR WHEEL CAUSED BAD WRECK

### TWENTY FREIGHT CARS LEFT TRACK ON STRIKING BRIDGE

No One Was Injured—Crew Were From Janesville and Fortunately Escaped Injury As Caboose and Engines Remained On the Track—Cars Ran On Ties a Quarter of a Mile

One half mile south of Koshkonong station at 3 o'clock this morning a broken car wheel resulted in the wrecking of freight train No. 581 on the Chicago & Northwestern road. Twenty freight cars were thrown from the track and piled high in the air. No one was injured. The train was a double header leaving Janesville at midnight. For fully a quarter of a mile a portion of the train ran on the ties and only left the track on reaching a bridge that spanned a culvert only a few feet wide. All north and south bound trains were blocked during the morning the passengers and baggage being transferred by hand. The wrecking crew from this city was called and by noon the track was cleared.

The train was a double header leaving Janesville at 12:15 for the north the engines being Reinold H. Erdmann, of 156 Pleasant street, and Nelson M. Dudley, 354 Holmes street.

The wrecking crew was in charge of Engineer Ed. Hayward and Henry Crane, foreman of the bridges.

The damaged freight cars were mostly empty ore and coal cars being returned to northern mines. Several empty and loaded box cars were also badly damaged. The culvert bridge was wrecked. The caboose and several cars in the rear and both engines and several cars in front remained on the track.

South bound trains were late into the city this morning; account of the time it took to transfer passengers and baggage at the scene of the wreck.

## FAVORED GRANDSON CAUSE OF TROUBLE

### Litigation Over the Ownership of Two Farms Left by the Late Patrick Noon

What promised to be a long drawn out and hard fought legal complication, will receive its first airing in Judge J. W. Sale's court to-morrow morning, in the matter of the estate of the late Patrick Noon.

Last fall Mr. Noon died at his home in the town of "Spring Valley," leaving two farms whose aggregate value is about \$15,000. Mr. Noon left a will which conveyed one of these farms to a favorite grandson who is the son of the late Mrs. Langdon, a sister of the deceased. The other farm went equally to several heirs. One of the heirs is a sister, Mrs. Flynn of Footville, who now contests the will on the grounds that undue influence was used in bringing about the will, and that Mr. Noon was incompetent to make will at the time.

Attorney John Cunningham will appear for Robert Harper, executor of the will; Attorney William Smith will represent the favored grandson, and Attorney W. G. Wheeler will appear in behalf of Mrs. Flynn.

## CHIEF HOGAN WARNS THE LOCAL CYCLERS

### MUST PROVIDE LAMPS AFTER FIRST OF MAY.

Arrests Will Follow in Cases Where the Law Is Violated—No Bluff About the Matter This Year—Riding On Walks Will No Longer Be Tolerated—Many Complaints Made to Officers

When the first of May arrives cyclers in Janesville who neglect to provide their bicycles with bells at all times and lamps after sun-down will be arrested and prosecuted according to law.

So says Chief Hogan cyclers who ride on sidewalks will also be prosecuted.

Said Chief Hogan last evening to a Gazette representative:

"You can't make this point any too strong in The Gazette. Of late I have had any number of complaints made, and in order to give all fair warning, I have extended the time to May 1. There will be no mercy shown after that time, and those who violate this ordinance will have only themselves to blame. Lamps must be provided after sundown; bells must be attached at all times, and for the cyclist who rides on the sidewalk trouble may also be expected."

Jacob Whitehead, father of State Senator John M. Whitehead of this city, died yesterday of old age at his home, Hillsboro, Illinois. Born at New Brunswick, N. J. February 16, 1815, he came west when a mere boy settling in Illinois.

He leaves a wife and six children. The children are: Hon. J. M. Whitehead, Janesville; Rev. J. P. Whitehead, Newport, Ky.; J. B. Cole, Hyde Park, Illinois and Miss Mattie Whitehead, Hillsboro, Illinois. Mr. and Mrs. Whitehead celebrated their golden wedding anniversary in March, 1898.

Jacob Whitehead was born of English parentage. He has been confined to his bed for several months with bodily feebleness. The end came suddenly last night. Mr. Whitehead was a farmer, and resided in Illinois ever since December, 1837, and in Montgomery county, Illinois, ever since November, 1838. He was a staunch Republican at all times in spite of the fact that he lived in a strong Democratic county.

State Senator Whitehead left Janesville this afternoon for Hillsboro to attend funeral services which will be held tomorrow afternoon. The burial will be in the Hillsboro cemetery.

Honey Stopped the Clock.

A church clock in Harborne, near Birmingham, England, was found to have stopped on account of bees swarming in it and filling the works with honey. It took two days to get the honey out. Another Yorkshire clock was stopped by a bird, which made a practice of roosting on one of the hands.

## LOCAL MERCHANTS HAVE PLEDGED \$700

### WANT THE WOODMEN'S PICNIC HERE NEXT YEAR.

Only Three Hundred Dollars More Needed and This Amount Should Easily Be Raised—Hotel Men Head the List With Largest Sum—Belvidere Also After the Picnic

Local business men have pledged \$700 in cash towards securing for Janesville the Northern Illinois and Southern Wisconsin Modern Woodman's picnic for the year 1901. One thousand dollars is needed, and there is little doubt but what the balance will be secured.

During the past few days a committee from the Woodman camp, consisting of Orville Morse and C. W. Brooks, have been making a canvass of the city, accompanied by John F. Sweeney and Charles H. Spencer. Landlords Johnson & Stevens of the Myers and J. F. Sweeney of the Grand, head the list giving the largest sums. The greater portion of the saloon keepers have given different sums. The question of deciding where the picnic will be held next year will be decided at Madison on June 5 next, which is picnic day.

Belvidere is also after the picnic next year, and has raised \$1,000. That city has only the Northwestern road, and for this reason many object to holding the picnic there.

The balance wheel of a watch is moved one and forty-three one hundredths inches with each vibration, or 3558 miles continuously in one year. It does not take a large can of oil to furnish lubrication for this 3500 mile run. It just requires one-tenth of a drop to oil the entire watch for a year's service! ## MOODY STARTLES THE HOUSE

Sensational Charges by a Massachusetts Congressman.

### AG'INST A FELLOW-MEMBER.

Says That One of the Principal Holders of Pneumatic Tube Company Stock Is a Member of Congress—Refuses to Give Name—Other Washington News.

Washington, April 26.—A sensation developed in the house while in committee of the whole considering the postoffice appropriation bill, the charge being made that one of the principal holders of stock and bonds in the Pneumatic Tube company was a member of the house serving on the committee on appropriations. The item under discussion at the time was the increase of the allowance for the pneumatic-tube service from \$225,000 to \$725,000. The charge brought several enterprising democrats to their feet with a rush and a demand that the name of the representative be given; but Mr. Moody, of Massachusetts, who had made the startling announcement, refused to go into details further than to explain that another prominent member of congress had received as a New Year's present a large envelope containing a number of shares of stock in the same company, which he had returned by the next mail. No provision in the bill provided more discussion than that of the pneumatic-tube service, the attack coming principally from the rural districts and the defense of the system from the larger cities where it has been in operation.

When the vote was taken the house refused even to allow the regular appropriation for the maintenance of the service now in operation, and by a two-thirds vote struck out the entire paragraph. Unless the regular allowance is reinserted later the pneumatic-tube system at New York and elsewhere must be suspended after July 1 unless the department can find another allowance that can be used to keep it in operation.

The ways and means committee of the house heard a delegation of brewers upon the proposition to remove the war tax on beer. The impression gathered from conversation with members of the committee is that no action will be taken by congress upon the subject at this session.

Secretary Gage has called upon Secretary Hay to furnish him with information through the United States consuls in Japan as to the cause of a recent large immigration of Japanese. While this information is being obtained immigration authorities of the treasury department will continue an investigation of their own and exercise their powers under the law to exclude the undesirable Japs. It is expected that the Spanish minister will accept an invitation to attend the encampment of the Grand Army of the Republic at Chicago.

Representative Noonan introduced his resolution to investigate the recent transaction of Mr. Gates of the American Steel and Wire company and the New York stock exchange for quietly permitting it. The resolution was referred to the committee on rules and Mr. Noonan stated that he believed the committee would report it to the house. He holds that congress has jurisdiction and that the industrial interests of the country demand that it should be exercised to prevent such action in the future, aimed solely to affect the speculative value of stocks.

Washington, April 26.—After a brief debate the senate agreed to the conference report on the Hawaiian civil government bill, the provision relating to the right of franchise and imprisonment for debt having been amended to conform to the ideas of the senate. The agricultural appropriation bill was passed, carrying a little over \$3,000,000. The Alaskan civil government bill was under consideration for an hour, but no progress was made. Mr. Platt (N. Y.) moved into Mr. Quay's old seat.

Washington, April 26.—Admiral Dewey received a delegation at Beauvoir, his country home, which represented 50,000 children in the north-west, and presented him as a token of the regard and esteem of the donors a beautiful gold watch and fob.

Washington, April 26.—Secretary of War Root sent to the senate his reply to the resolution of April 21 as to whether officers of the United States army in Cuba or Puerto Rico have received any compensation for their services there other than the compensation to which they were entitled by law to receive as salary and allowances. He says such allowances have been paid four officers of the army.

### MR. QUAY WILL NOT YIELD.

Lays New Plans to Return to United States Senate.

Washington, April 26.—Senator Quay will make another effort to return to the United States senate. Late last night Senator Penrose of Pennsylvania, who fought at the head of the Quayites in the senate, left with a band of followers to "rally" the Republicans at the Harrisburg state convention and to commit that assembly to Quay as a candidate for United States senator. The hottest battle in the history of Pennsylvania politics is to be fought, and the enemies of Quay in that state are preparing to break

down the hitherto invincible Quay majority which has hitherto ruled in Pennsylvania, for almost a score of years with Quay as the "boss."

Harrisburg, Pa., April 26.—The Republican state convention was held in the Harrisburg Opera House to nominate candidates for auditor general, two congressmen at large, and thirty-two presidential electors, and also to select eight delegates at large to the national convention at Philadelphia. The vote in the United States senate yesterday in the case of M. S. Quay, whose friends were in control of the convention, completely changed the plans, and a half hour before the hour of meeting nobody was certain who would be the nominees.

Before the convention assembled it was practically settled that the delegates at large would be M. S. Quay, Governor Stone, ex-Senator Charles A. Porter, and James Elverson of Philadelphia. B. W. Green of Emporium, ex-Congressman John H. Lisenring of Wilkesbarre, Congressman William Connell of Scranton and State Chairman Frank Reeder of Easton, Henry W. Oliver of Allegheny, was the permanent chairman of the convention. The convention declares its continued belief in the political and personal integrity of ex-Senator Quay, and records its firm conviction of the governor's right to appoint him to a seat in the United States senate. Senator Penrose is also commended.

### OHIO REPUBLICANS A UNIT.

Their Platform and Nominations Go Through at Columbus.

Columbus, O., April 26.—The Republican state convention reassembled at 10:20 a. m. The platform indorses the administration of President McKinley and demands that he be given a second term to complete the work he has begun. It asserts that every pledge made in the platform of 1896 has been re-established, with steady employment and the highest pay for the laborer, and new and enlarged fields of trade opened for American products.

The following nominations were made without opposition:

Secretary of State—L. C. Laylin.

School Commissioner—Lewis D. Bonebrake.

Member of the Board of Public Works—Charles A. Goddard.

Food and Dairy Commissioner—J. E. Blackburn.

### OVARIAN TROUBLES.

Lydia E. Pinkham's Vegetable Compound Cures Them—Two Letters from Women.

"DEAR MRS. PINKHAM:—I write to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me. I was sick in bed about five weeks. The right side of my abdomen pained me and was so swollen and sore that I could not walk. The doctor told my husband I would have to undergo an operation. This I refused to do until I had given your medicine a trial. Before I had taken one bottle the swelling began to disappear. I continued to use your medicine until the swelling was entirely gone. When the doctor came he was very much surprised to see me so much better."—MRS. MARY SMITH, Arlington, Iowa.

### ARE SLAIN BY SCORES.

Bloody Work Around Manila by the Americans.

Manila, April 26.—Officers who have arrived here from Nueva Caceras, province of South Camarines, bring details of a fight April 16, in which eighty Filipinos were killed. The American outposts reported 300 natives assembled three miles from the town and Gen. Bell sent three detachments of the Forty-fifth regiment, with two Maxims, who nearly surrounded the Filipinos, the majority of whom were armed with bolos. The Filipinos were quickly put to flight, leaving the field strewn with armor and helmets. Their riflemen were unable to shoot straight and the bolomen never got near enough to the Americans to do any execution. Therefore none of the Americans was wounded. Lieut. Balch with twenty cavalymen from the Thirty-seventh regiment cornered fifty bolomen in a river and shot every one, the bodies floating away. One soldier had his head struck off with a bolo. Gen. Bell's two regiments are busy in clearing the country. They meet with many small squads of bolomen, and last week killed a total of 125. A squadron of the Eleventh cavalry is about leaving Manila on board the transport Lenox to reinforce them. The insurgents keep the province in a state of terror and are wreaking vengeance on natives who trade with the Americans, burning many villages, including the populous town of San Fernando. Gen. Bell has issued a proclamation declaring that he will retaliate relentlessly unless this guerrilla warfare ceases and that he will burn all the towns which harbor guerrillas. In a fight at Sorogon, Albay province, on April 18, three companies of the Forty-seventh infantry, Capt. Gordon commanding, routed a large force of insurgents, mostly bolomen, killing fifty-three.

### Indiana Republican Convention.

Indianapolis, Ind., April 26.—The republican state convention opened in Tomlinson hall with an attendance of 1,434 official delegates. In addition to the leaders from the various districts, Senator Fairbanks and the Indiana congressmen from Washington are in attendance. Senator Beveridge is absent on account of the illness of his wife. The convention is the largest ever held in Indiana, and politicians say it is also the most uncertain. It cannot be told with any degree of certainty what one man is in the lead for nomination for governor.

### Gates En Route West.

New York, April 26.—John W. Gates and the whole "Steel and Wire crowd" who have been so much in evidence in Wall street and at the Waldorf-Astoria for the last week suddenly collected their baggage and as one man departed for Chicago on the Lake Shore limited at 5:30 p. m. Only Max Pam, the legal adviser of the Gates contingent, was left behind. The reason of the departure is a mystery. There were no new developments during the day in the Steel and Wire situation.

### Three Children Burned to Death.

New York, April 26.—Three persons were killed and three severely burned in a fire Wednesday morning in the six-story tenement house at 74 Forsyth street. The dead: Hannah Liebowitz, 13 years old, suffocated by smoke; Amelia Liebowitz, 11 years old, suffocated; Joseph Liebowitz, 6 years old, suffocated. Simon Liebowitz, father of the dead children; Dora Liebowitz, 3½ years old, and Michael Rauschbaum, 63 years old, were injured. The loss was \$10,000.

### Sioux Threaten to Fight.

Fort Yates, N. D., April 26.—There is great uneasiness and bitterness of feeling among the Sioux Indians here over the policy of the Indian bureau. Suddenly and without explanation their rations have been cut in half and the annual interest money has not been paid them. Letters are being received by the Sioux here from the Pine Ridge Sioux urging that if peaceable means fail to secure treaty rights there is nothing left but to fight for them.

### Three Murderers Hanged.

McMinnville, Tenn., April 26.—John Watson and William Brown, both white, and Sonnie Crain, colored, were hanged here. Watson was convicted of having shot his neighbor, James Hillis, from ambush in December, 1898. Brown was charged with complicity in the murder of his wife. Crain was convicted of having killed another negro, and while serving his sentence killed John Brown, a fellow-prisoner in the jail here.

### To Receive \$2,500 Annually.

St. Louis, Mo., April 26.—Thomas Manning Page, a wealthy bachelor, died here recently, and his will, which has been probated, shows that he left a snug fortune to Miss Anora Blue, for many years his stenographer. The will provides that she is to receive \$2,500 annually from his estate so long as she lives. Miss Blue is very reticent concerning her fortune.

### Indiana Horsehoofers Organized.

Peru, Ind., April 26.—About 100 horsehoofers and blacksmiths of Indiana formed a state association, with Dennis Eagan of Indianapolis president, and John Volpert of Peru secretary. Addresses were delivered by Prof. Russel of Cincinnati, W. J. Moore of Pittsburg, J. C. Buckley of Detroit and Dennis Eagan.

**MAY NOMINATE SHELDON.**

Combined Church People Going  
Into Politics.

TO TAKE POLITICAL ACTION.

Conference at Rock Island the Pre-  
cursor of a National Convention to  
Place the Preacher in Nomination for  
the Presidency.

Chicago, April 26.—The political action committees of the various Christian associations, including Y. M. C. A., Y. P. S. C. E., Epworth League, National Christian Citizenship League, Anti-Saloon League, etc., will meet in national conference at Rock Island, Ill., on Tuesday next, and there formulate plans for a great national convention to nominate candidates for president and vice-president of the United States. It is believed that it is the intention of the organized Christian societies to nominate Rev. C. M. Sheldon for president. It has been well known that the political action departments of the societies named have for a year or more been organizing in a vigorous manner in nearly every state, but inasmuch as it was not believed that a separate political party movement was to be promoted, not much attention was given to the matter beyond party politicians. Since the call for the conference has been issued, however, the proposition has appeared in a new light, particularly as the combined societies can, by co-operating on election day, poll upwards of 1,500,000 votes, even with an ordinary candidate. With Mr. Sheldon as the standard bearer they count on a complete political revolution. The call for the convention is as follows:

We believe that the pressing need, yea, the necessity of the times among the great masses of our fellow citizens is a practical application commercially and socially, of the spirit and principles of Jesus of Nazareth; and we confidentially anticipate that, coincidental with this effort to apply these principles and foster this spirit in the political, business and social affairs of men, there will come a co-operative response from the millions who now sit in economic doubt of the brotherhood of man and spiritual distrust of the goodness of God.

We therefore, in the name of Jesus Christ, call for a National Assembly of Christian men and women of legal age, representing every state and territory and possession of the United States of America, to meet in the City of Rock Island, Ill., on the first Tuesday of the month of May, in the year of our Lord 1900, at the hour of 10 a. m., for the purpose of formulating a plan for National political action.

We declare that the title of this movement shall be "The Christian Political Union."

For the purpose of securing the fullest possible expression of the will of the people, we recommend that for this initial National Assembly the number of delegates named by each state, territory or possession shall be fixed at the discretion of the constituents. "Whosoever will, let him," come. The only test of eligibility shall be: Actual personal attendance at the assembly and an affirmative, satisfactory answer of the following question: Have you been elected as such delegate by a parliamentary body of your fellow citizens, and do you believe in the application of the principles of Christ to the government of the United States of America?

The call is signed by the full provisional national committee as follows:

Wallace R. Struble, 1100 Woman's Temple, Chicago, Ill.; A. D. Martin, Rock Island, Ill.; A. S. Dulin, 1215 Filbert St., Philadelphia, Pa.; D. H. Martin, 204 Fifth Ave., Pittsburg, Pa.; L. D. Mayes, 44 Broadway, New York, N. Y.; W. R. Benkert, 1912 Main St., Davenport, Ia.; J. F. R. Leonard, Alton, Ill.; A. F. F. Jensen, Dorchester, Wis.; Edgar Conrow, Moorestown, N. J.; William Saunders, Centertown, Mo.; J. H. Vandergrift, Branchville, Ala.; M. S. Southworth, M. D., San Jose, Cal.

"Zeal," the national organ of the movement, is printed in this city. It is edited by Mr. Struble with other members of the societies as associates.

**Freed Slaves from Hawaii.**

San Francisco, Cal., April 26.—The steamship Australia has arrived from Honolulu. She had a remarkably large list of cabin and steerage passengers. The plague scare is about over, and persons who have been awaiting a chance to leave the islands are taking advantage of the opportunity afforded by a break in the quarantine to make their way to the United States. Among the passengers in the steerage were a number of Galicians, released on the order of the United States government from a life of slavery on plantations. The people are going back to their own country. Thirty-seven of them had been placed in prison for violation of their labor contract, and would have been kept there for terms ranging from one to two years had not the government interfered.

**Wins an American Heroine.**

Newport, R. I., April 26.—The engagement is reported of Miss Hattie Gammell to Thomas Shaw Safe, an Englishman. Miss Gammell, who is now abroad, in her own right has a fortune estimated at from \$8,000,000 to \$15,000,000. She is the daughter of the late William Gammell of Providence. Mr. Safe is said to be an explorer. Miss Gammell is a great friend of Mr. and Mrs. Chatfield-Taylor and Mr. and Mrs. Potter Palmer of Chicago.

After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. Carriages can be bought at prices which appear surprisingly low, but those who will take the trouble to examine the material and the finish will find that there is a vast difference between those vehicles and these we offer. The material throughout—wood, iron, leather, paint and rubber, is the best. There are no defects covered by a liberal use of varnish.

**BORT, BAILEY & CO.****KABO BUST PERFECTOR.**

New things are common enough, to be sure, and not many of them merit even a passing thought.

Here is one, however, the lack of which has been the cause of many thoughts, and not cheerful ones either, for beauty of form is certain to be, if not first, then second, in every woman's judgment, and where nature has not been kind, and art must be drawn upon, it is of no small moment to have a garment of this sort within reach and at modest cost.

The cut shows the Kabo Perfector worn over a corset, where it is certain to create a bust of faultless proportion, and mask every imperfection, tailored jackets and snug fitting waists are made to set with a degree of smartness where it is worn, unattainable in any other known way, and its lightness and ease make it far superior to any padding, or other building up.

It may be worn without a corset and prove a splendid bust support; shirt waists and blouse effects look chic over it, and are distended to just the right degree. It thoroughly smooths that annoying hollow just below the collar bone, which is so difficult to fit over in slender figures. Made in Jean and Net; price..... **\$1.00**

The Kabo Bust Perfector can only be had of

## SOUTH AFRICAN NATIVES.

## Missionary Says They Would Aid England Against the Boers.

"England has never attempted to disarm the Zulus, Basutos or the Mashonas. She realizes their power."

This remark was made in the course of an interview with the Rev. Charles S. Morris, colored, who is at his home in West Newton, near Boston, having just returned from South Africa, where he went a year ago as a Baptist missionary. Mr. Morris was pastor of the Myrtle Street Baptist church, West Newton, five years, resigning last spring so that he might devote his time to missionary work. In a recent interview with a representative of the St. Louis Globe-Democrat Mr. Morris gave some interesting facts concerning the different tribes in South Africa among whom he labored.

"I left this country on June 28 of last year," said Mr. Morris, "and went to England. From there I sailed for Cape Town. Two months of my time was spent in Cape Colony. In Queens-town I baptized the leaders of a church with 1,240 in its congregation. After that I went about instructing them in Baptist doctrines and visiting their homes.

"From Cape Colony I went to Natal and was there at the outbreak of the war. In this connection I might say that, while I do not care to express any feeling of sympathy for either the Boers or the English, I do believe the natives are of a loyal spirit toward the British. In Basutoland the tribes there were anxious to descend into the Orange Free State and attack the Boers. They appealed time and time again to the 'paramount magistrate' that they might be permitted to do this.

"For this very reason the Boers have always left the base of the Basutoland mountains well guarded, fearing the Zulus, Basutos and Mashonas would descend upon them and attack the Orange Free State inhabitants. This was England's trump card, you know, and, if played, would have been effectual in her interests. England has never attempted to disarm these three tribes I have referred to. It realizes their power. I believe these natives, almost to a man, would fight for the English. The attitude of these tribes is explained easily. England is by no means perfect, yet it has treated the natives with much more justice than have the Boers. The latter's treatment of the natives has been harsh and even savage. I think it little wonder that the natives feel kinder toward the English."

Continuing, Rev. Mr. Morris criticized the Boers in their treatment of the natives in their employ. The relation of master and laborer was not, in his mind, unlike slavery. The German missionaries, he said, had often implored the Boers to cease their harsh treat-

ment of the natives, that there might be better opportunities for mission work.

## NEW CHRISTIAN NEWSPAPER

## Rev. J. M. Holmes' Scheme to Publish One Permanently in Baltimore.

The Rev. J. M. Holmes, pastor of the Allnutt Memorial Methodist Protestant church in Baltimore, who purposes to interest the Christians of Maryland in the publication of a daily newspaper, has issued circulars, one of which will be sent to every minister and to every head of a religious society in the state, says the New York Sun. The circular is in the nature of a pledge and reads:

"We, the undersigned, feel the need of a pure Christian daily newspaper published in the city of Baltimore. We promise that if The Christian Citizen is ever published we will subscribe for it on the following express conditions: It is to cost 2 cents a copy. It is to exclude from its columns all advertisements of the liquor business, prize-fights, Sabbath desecration, court investigation of the unclean, theaters and everything which is corrupting to public morals. It will advocate only that which is consistent with pure Christian citizenship. It will have no political leaning, but briefly state the actions of all political parties. It will be entirely undenominational."

When a sufficient number of subscribers is obtained to make it an assured financial success, the subscription list is to be turned over to seven well known "Christian business men" to have entire charge and control of the enterprise and after paying the actual expenses of the publication all the clear profits are to be given to public charity, such as the Friendly Inn, the Boys' home, the Prisoners' Aid association or to any other good cause which said board shall select. Those contemplating subscribing to the paper are requested to sign the pledge and return it to Mr. Holmes.

Scene: An afternoon tea. Enter Mrs. Astor Street, bowing and beaming.

Mrs. Wornout: "Why, Mrs. Astor Street, how bright you look, and when I left you after Mrs. Pretty's lunch you were nearly dead. What have you done?"

Mrs. Astor Street: "Secret—Guess."

Mrs. W.: "Had a nap?"

Mrs. A.: "No, guess again."

Mrs. W.: "I can't guess, but such a secret ought to be shared."

Mrs. A.: "Well, I'll tell you. Last winter I asked Dr. — what to take when I got so tired, and he said: 'A rest.' I asked him today and he said: 'An Orangeine powder, which was like magic, but perfectly safe, as he had seen the formula, and knew just what was in it.' I took one three hours ago, and have been 'on wings' ever since."

Dr. Chas. C. Murphy, 632 31st Street, Chicago. "Have given Orangeine" several trials in cases of severe headache and dismenorrhoea and find it the ideal remedy."
